IMPORTANT NOTICE

ABOUT "STUNT" DISEASE

Offers of Chrysanthemum cuttings in this catalogue are made without guarantee against any losses the buyer may incur as a result of the epidemic disease known as "Stunt". The cause of this disease is not known, and experiment stations working on the problem have not determined whether it is carried on the plants, or in the growing medium. Every effort is being made to deliver stock which is free from infection, but purchases must be made with the understanding that we assume no responsibility for losses which may result from the "Stunt" disease.

WHEN ORDERING MUM CUTTINGS

Please indicate the earliest date delivery will be acceptable and the maximum number of cuttings that can be handled in a single shipment.

To serve you best, it is necessary that we have your order at least a month in advance of requested delivery date, although often it is possible to make shipment on short notice.

Where we are unable to ship very close to the requested delivery date we will advise you of our growers best estimate of delivery. We suggest you advise whether substitutions will be acceptable when giving the order.

TERMS OF SALE

50 rooted cuttings of a variety is the minimum that can be supplied. More than 50 of a variety must be in multiples of 50.

The price indicated for the variety will prevail for whatever quantity of that variety is ordered. The size of the Total Order will not have any effect on the price of a variety.

The price of UNROOTED CUTTINGS will be \$1.00 less per 100 than the rooted price.

Two per cent discount permitted on payment within 10 days from invoice date. Sixty days net.

No quantity discounts will be allowed regardless of size of order.

We recommend shipment by Air Freight wherever possible. Air Freight is prepared to serve customers who are close to an airport by phoning them when a shipment arrives and reconsigning shipments via Railway Express to customers who are too far away to pick up shipments at the airport.

Where shipments are not ordered Air Freight they will be sent Railway Express.

CHRYSANTHEMUMS EVERY MONTH

Fundamentals of successful Chrysanthemum culture will probably always remain the same, except, as more progress is made probably we will see more gravel culture. Black Cloth shading for early flowers has become standard practice and as cotton goods become more readily available, we will see even more. Recent experiments by Dr. Kenneth Post at Cornell University have shown it is possible to produce cut Chrysanthemums of good quality at any time during the year by the use of lights and shading. Three crops can be produced in the same bench each year, timed exactly as wanted.

Best varieties for winter flowering were Seafoam, Sunnyside, Valencia, Golden Jane. As further experiments are continued other varieties will be found most suitable for various seasons. We would suggest growers interested in this new development contact your State experiment station. Our propagators are arranging to have cuttings available throughout the entire year for those who wish to follow this program.

1949 Introduction

GOLDEN ANNIVERSARY

A yellow pompon about the size of Sunnyside that flowers for Christmas and later.

YULEFLAME

A large decorative yellow pompon similar to Vibrant which blooms with the variety Revelation.

MARY MacARTHUR

A pinkish bronze early high quality small pompon. The flower resembles Mrs. Bulkeley in size, form and substances. It responds very well to black cloth shading and is very useful in the earliest shading, also grown as a garden variety in some sections.

MINSTREL

A large lavender pompon of excellent substance. Easily the best pompon in this color class for December and Christmas.

CHRISTMAS STAR

This variety was originally shown as Carnival at the National Mum Show. A scarlet red single flowering for Christmas.

BRONZE MINUET

Bronze, sport of Minuet.

PLEASE NOTE CAREFULLY instructions and terms of sale on inside front cover.

Order not less than 50 of a variety and in multiples of 50.

The price of UNROOTED cuttings will be \$1.00 less per 100 than the rooted price.

DISCLAIMER

1. We make no warranty, expressed or implied, as to kind, description, quality or productiveness of any stock and we will not be responsible for crop.
2. We will not be responsible for any errors or omissions and in no event shall our liability for any claim of loss or damage due to any cause whatsoever be greater than the invoice value of the merchandise. This order, if accepted, is subject to pro-rata delivery if conditions in our sole judgment justify it, either on account of short crop, prior sale or for any other reason. We will not be responsible for delays, damages or loss in transit. Our liability ceases upon delivery to the common carrier. All orders subject to acceptance by home office.

CHRYSANTHEMUM ROOTED CUTTINGS AVAILABLE—1949

Ship To: _____

When Wanted

Ship Via:

To serve you best, it is necessary that we have your order at least a month in advance of requested delivery date, although often it is possible to make shipment on short notice. Where we are unable to ship very close to the requested delivery date we will advise you of our growers best estimate of delivery. We suggest you advise whether substitutions will be acceptable, when giving the order.

IMPORTANT NOTICE ABOUT "STUNT" DISEASE

Offers of Chrysanthemum cuttings in this catalogue are made without guarantee against any losses the buyer may incur as a result of the epidemic disease known as "Stunt". The cause of this disease is not known, and experiment stations working on the problem have not determined whether it is carried on the plants, or in the growing medium. Every effort is being made to deliver stock which is free from infection, but purchases must be made with the understanding that we assume no responsibility for losses which may result from the "Stunt" disease.

DISCLAIMER

We make no warranty, expressed or implied, as to kind, description, quality or productiveness of any stock and we will not be responsible for crop. We will not be responsible for any errors or omissions and in no event shall our liability for any claim of loss or damage due to any cause whatsoever be greater than the invoice value of the merchandise. This order, if accepted, is subject to pro-rata delivery if conditions in our sole judgment justify it, either on account of short crop, prior sale or for any other reason. We will not be responsible for delays, damages or loss in transit. Our liability ceases upon delivery to the common carrier. All orders subject to acceptance by home office.
